NIH Collaboratory Trial Publications

The NIH Collaboratory Trials are supported by NIH Institutes, Centers, or Offices through either the NIH Pragmatic Trials Collaboratory or the NIH HEAL Initiative. The Coordinating Center provides logistical and technical support for all NIH Collaboratory Trials. For NIH Collaboratory Trial publications, please complete these steps, as required by our policies and funding.

Before Publication

STEP 01

Choose option A, B, or C for the funding acknowledgment.

Option A: Your work is supported solely by one or more NIH Collaboratory Trials, not including trials supported through the NIH HEAL Initiative.

Use the following language: “This work was supported within the National Institutes of Health (NIH) Pragmatic Trials Collaboratory by cooperative agreement [UG3, UH3, and/or R01 grant number] from the [Institute, Center, or Office providing funding or oversight]. This work also received logistical and technical support from the NIH Pragmatic Trials Collaboratory Coordinating Center through cooperative agreement U24AT009676 from the National Center for Complementary and Integrative Health (NCCIH), the National Institute of Allergy and Infectious Diseases (NIAID), the National Cancer Institute (NCI), the National Institute on Aging (NIA), the National Heart, Lung, and Blood Institute (NHLBI), the National Institute of Nursing Research (NINR), the National Institute of Minority Health and Health Disparities (NIMHD), the National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS), the NIH Office of Behavioral and Social Sciences Research (OBSSR), and the NIH Office of Disease Prevention (ODP). The content is solely the responsibility of the authors and does not necessarily represent the official views of [Institute, Center, or Office providing funding or oversight] or the NCCIH, NIAID, NCI, NIA, NHLBI, NINR, NIMHD, NIAMS, OBSSR, or ODP, or the NIH.”

Option B: Your work is supported solely by one or more NIH Collaboratory Trials supported through the NIH HEAL Initiative.

Use the following language: “This work was supported within the National Institutes of Health (NIH) Pragmatic Trials Collaboratory through the NIH HEAL Initiative under award number [UG3, UH3, and/or R01 grant number] administered by the [Institute, Center, or Office providing oversight]. This work also received logistical and technical support from the PRISM Resource Coordinating Center under award number U24AT010961 from the NIH through the NIH HEAL Initiative. The content is solely the responsibility of the authors and does not necessarily represent the official views of the [Institute, Center, or Office providing oversight] or the NIH or its HEAL Initiative.”

Option C: Your work has multiple sources of support.

For work with multiple sources of support—such as multiple NIH Collaboratory Trials, a collaboration between an NIH Collaboratory Trial and the Coordinating Center or a Core Working Group, supplemental funding for specific activities, or support from outside the NIH Collaboratory—email us at nih-collaboratory@duke.edu. We're here to help!

STEP 02

Does your work include a description of another NIH Collaboratory Trial?

If yes, please allow the principal investigator of the other trial to review your work. This courtesy review will be limited to the factual accuracy of your description of their work. Allow at least 2 weeks in advance of your initial journal submission.

Coordinating Center staff can facilitate this process and convey draft manuscripts to NIH Collaboratory Trial investigators for their confidential review. Email us at nih-collaboratory@duke.edu and include “Manuscript Review” in the subject heading.

STEP 03

Notify the Coordinating Center.

It's easy! Email us at nih-collaboratory@duke.edu. Please allow 1 week for us to review your acknowledgment statement. Coordinating Center staff and the

publications committee are also available to provide advice, suggestions, and help with dissemination, as needed.
