

Co-Chairs:

- Rosa Gonzalez-Guarda, PhD, MPH
- Cherise Harrington, PhD, MPH

Community Health Improvement Core

Mission

- Examine strategies to
 - Help trials be widely conducted across the US, including in rural areas
 - Implement interventions across settings to improve the health of all populations
 - Ensure research is relevant to the people affected

Meeting Schedule

Monthly

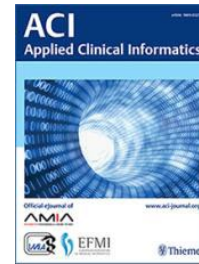

First Wednesday

Consultation
in first
3 months

Community Health Improvement Core: Key Resources

- Workshop on Inclusion of Diverse Participants in Pragmatic Clinical Trials (recording available)
- Videos on community health topics in research
- Contributed to several Living Textbook chapters

Collection of Patient-Reported Outcome Measures in Rural and Underserved Populations

Potential bias and lack of generalizability in electronic health record data

Discussion

Can we help with?

- Supporting wide trial conduct across communities
- Ensuring enrollment reflects the real-world population
- Person- and community-centered research methods (engagement, etc)
