

Closeout Data and Resource Sharing Checklist

Data and Resource Sharing Checklist

All NIH Pragmatic Trials Collaboratory Projects are expected to complete this checklist at closeout. The information provided in the checklist will be published in the Living Textbook on each Demonstration Project's page and on a Data and Resource Sharing page.

Data and Resource Sharing Checklist		
1. Study information		
Trial name and acronym: Improving Chronic Disease Management with Pieces (ICD-Pieces)		
Checklist completed by: Venkatraghavan Sundaram		
Date: 08-02-2024		
Link to ClinicalTrials.gov registration: https://clinicaltrials.gov/study/NCT02587936		
Link to study website: NA		
2. Resource location		
Item	Provide hyperlink or indicate if item will be stored in the KR	If item will not be shared, please provide a brief explanation for the omission
Publications		
Link to protocol paper	NA	
Link to main outcome paper	https://www.nejm.org/doi/full/10.1056/NEJMoa2311708	
Link to other study-related publications	Listing from DCRI	
Study tools		
Final version of the protocol, including summary of changes	Attached	
Consent documents or consent process	Waiver of Informed consent with Opt-out option as trial was cluster randomized in design	
Computable phenotypes for outcome measures	ICD 10 codes for Hospitalization visit	

Closeout Data and Resource Sharing Checklist

Computable phenotypes for the inclusion/exclusion criteria	https://phekb.org/phenotype/acute-kidney-injury-aki	
Code for generating variables in the analytic dataset from standard sources	Attached	
Datasets and documentation		
Annotated data collection forms	NA	EMR and claims data based data collection
Link to public use dataset	NA	Shared upon request
Data dictionary (proc contents) for public use dataset	Attached	
Other resources
