NIH PRAGMATIC TRIALS COLLABORATORY
Rethinking Clinical Trials®

Supplementary Resources: Designing Fit-for-Purpose ePCTs

These resources provide additional information related to the NIH Pragmatic Trials Collaboratory podcast episode, *Designing Fit-for-Purpose ePCTs*, part 1 in a 4-part educational podcast series.

In the Living Textbook

- What Is a Pragmatic Clinical Trial? Pragmatic Elements
  Describes choices involved in designing each element of a trial, with examples
- Is a PCT Right for Your Research Question?
  Video on questions to ask to determine if a pragmatic trial is a good fit for your research question

NIH Resources

- Find a Fit for Your Research
  Website for exploring topic ideas of interest to NIH
- NIH RePORTER Matchmaker
  A tool to find potential program officials based on an abstract of your research

Additional Resources

- PREVENTABLE study website
  A large pragmatic study and example of a "fit-for-purpose" trial
- Making Pragmatic Clinical Trials More Pragmatic
  A *JAMA* Viewpoint on pragmatic trials and ways to make them more useful to decision-makers
