

***Patient-Centered Research in Real-World Settings:
Essentials of Embedded Pragmatic Clinical Trials Workshop***

SCT 2024 Annual Meeting
Boston, MA
May 19, 2024
8:00 a.m.-12:00 p.m. ET

DURATION	AGENDA TOPIC	SPEAKERS	GOALS
8:00-8:05 a.m.	Welcome	Emily O'Brien	<ul style="list-style-type: none"> • Welcome and introduction to the agenda, objectives, and Living Textbook
8:05-8:30 a.m.	What Are Embedded Pragmatic Clinical Trials (ePCTs)?	Wendy Weber	<ul style="list-style-type: none"> • Identify key considerations in the design and conduct of ePCTs and how they differ from explanatory trials • Learn about the advantages and disadvantages of ePCTs, and when a pragmatic approach can be used to answer a research question • Q & A with attendees
8:30-9:00 a.m.	Engaging and Aligning With Health System and Community Partners	Emily O'Brien	<ul style="list-style-type: none"> • Describe the breadth of stakeholders to engage as partners and approaches for engaging them through all phases of the study • Identify skills needed for a strong study team and consider the diversity of the team, including inclusive practices • Understand the real-world priorities and perspectives of healthcare system leaders and how to obtain their support • Identify engagement practices to obtain patient and community perspectives • Q & A with attendees

DURATION	AGENDA TOPIC	SPEAKERS	GOALS
9:00-10:00 a.m.	ePCT Design and Analysis	Jonathan Moyer	<ul style="list-style-type: none"> • Learn about cluster randomized and stepped-wedge study designs • Recognize the analytical challenges and trade-offs of pragmatic study designs, focusing on what principal investigators (PIs) need to know • Overview of effectiveness-implementation hybrid trial designs • Q & A with attendees
10:00-10:10 a.m.	Break		
10:10-10:40 a.m.	Measuring Outcomes	Angelo Volandes	<ul style="list-style-type: none"> • Describe methods for measuring outcomes using data sources such as electronic health records (EHRs) and patient-reported outcomes (PROs) • Discuss the integration of a health equity lens in evaluating outcomes • Q & A with attendees
10:40-10:50 a.m.	Overview of NIH Collaboratory Trials <ul style="list-style-type: none"> • Pragmatic Trial of Video Education in Nursing Homes (PROVEN) • Advance Care Planning: Promoting Effective and Aligned Communication in the Elderly (ACP PEACE) 	Vincent Mor Angelo Volandes	<ul style="list-style-type: none"> • Hear a brief description of the NIH Collaboratory Trials being utilized as case studies for the small group activity
10:50-11:20 a.m.	ePCTs in Context Part 1: Small Group Work	Emily O'Brien	<ul style="list-style-type: none"> • Attendees work in small groups to problem-solve challenges faced by Collaboratory ePCTs • Each group reports out their top 1-2 ideas

DURATION	AGENDA TOPIC	SPEAKERS	GOALS
11:15-11:55 a.m.	ePCTs in Context Part 2: Panel Discussion with NIH Collaboratory Trial PIs	Moderator: Emily O'Brien Panel: Vincent Mor (PROVEN) Angelo Volandes (ACP PEACE)	<ul style="list-style-type: none"> • Hear how the Collaboratory Trial PIs discuss how they handled the challenges from attendees' discussion, reflect on the workshop topics, and discuss lessons learned • Q & A with attendees
11:55 a.m.- 12:00 p.m.	Closing Remarks	Emily O'Brien Wendy Weber	<ul style="list-style-type: none"> • Wrap-up including identifying sources for further learning
